WE HAVE HELPED...

WE DO MORE THAN CONSULTING

⊕ **Clidemy** | www.clidemy.com 

Aimed at providing effective **education**, training & skills for climate action on a massive scale - to 1 billion people by 2030 and 3 billion by 2035.

⊕ **EVNext** | www.evnext.in 

Look into our EV Innovation Portal where we provide regular insights on global innovations along the entire EV business chain. See also our market-leading global EV report: EVI2 – EV Innovation Intelligence.

⊕ **Biobiz** | www.biobiz.in 

At BioBiz, we are keen to capitalize on India's rich biodiversity and the availability of large amounts of biomass residues to develop a sustainable bio-economy and attractive business opportunities for diverse stakeholders.

⊕ **Climafix** | www.climafix.in 

India's **largest climate startup summit**, with over 500+ startups and 150+ investors, along with corporates and entrepreneurs. Organised with IIT Madras Energy Consortium

⊕ **C3** 

The Chennai Climate Consortium, known simply as C3, is a pioneering effort by EAI and its business partners to dramatically accelerate **decarbonization for Chennai-based industries & commercial units** through a Think Local approach.

⊕ **Solar Mango** | www.solarmango.com 

Expert guidance for the adoption of solar energy

If you're a leader looking for expert intelligence or strategic assistance for India's climate tech sector...
